High Five PSG!!!

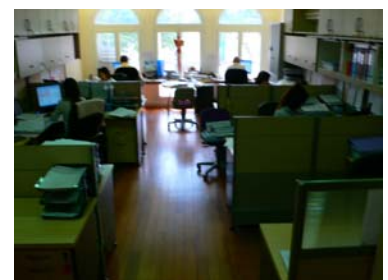

Five years ago, on April 26, psg first started its business operations in Singapore. Here we are five years later, with branches and clients all over Southeast Asia and with our business extending to the Middle East. We have certainly come a long way since our pioneering days, and there are so many individuals to whom we must extend our gratitude. Among those whom we would like to thank, are the employees who have been with the company since its inception! Thank you so much for your hard work and loyalty and thank you for helping to make psg the successful entity that it has become!

Our Fifth Anniversary marks another milestone. As an offshoot to our global expansion, we have decided to undergo an image re-branding, which will begin with the company name and logo. So, instead of PSG Asia, our organization will be known simply as PSG.

"PSG's Formula for Success"

Our success during the last five years and especially during these times of economic instability can be attributed to our unwavering commitment to providing personalized, quality and efficient service to all our clients. In turn, they have favored us with their loyalty. We take pride in having started small and we continue to take calculated steps towards a progressive future. It is this formula that has given us an edge over our competitors amidst a difficult worldwide financial crisis. And it is this formula that will continue to keep us on top of our game!

Greetings:

Kudos to Five years!! We have had five years of growth, five years of success and we look forward to what the next five years will bring! Here are a few messages of acknowledgement for our Fifth Year Anniversary...

Hi Mike,

"Congratulations and all the best for better future for PSG.

Thanks for all your efforts, the support and contribution of the Best people in PSG to bring this company to this level.

It is so fast we are in fifth anniversary and I am happy and proud to be a part of PSG family. Yes. I agree we shouldn't restrict ourselves to Asia and welcome this change."

Thanks and Regards,

S.S. Kumaran

Operations Director – PSG Asia (India) Pvt. Ltd

Dear Mike:

"I am so happy to hear this good news and looking forward to taking part in the celebrations.

It's my pleasure and opportunity to working for PSG Shanghai Office, I will value them and work more hard and growing with our PSG family."

Yu Hanchao

Assistant Project Manager – PSG Asia Pte Ltd (Shanghai)

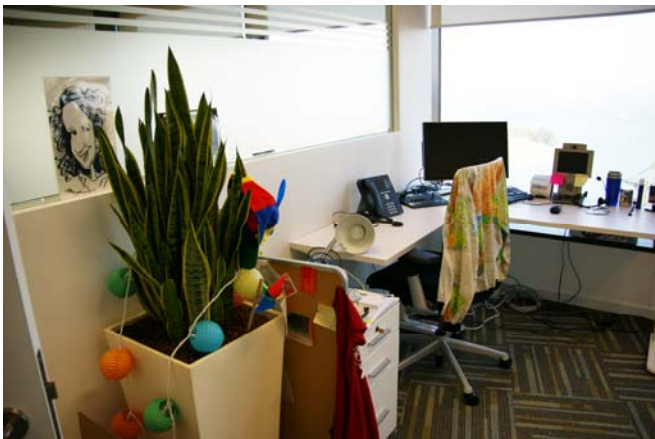

VMWare Pune, India

The interior fit out job for VMWare Pune, India was completed last April 15th. It boasts a simple yet modern design that is eye-catching to say the least!

Google Singapore, Level 35

PSG has completed another job for Google Singapore! This project was an expansion to the existing Google offices that PSG also previously designed. Located at the 35th level of Temasek Tower in Shenton Way, Singapore, the design not only includes its standard fun and colorful theme, but also showcases a feature wall displaying candid shots of Googlers in the office. This brilliant idea was conceptualized by none other than our Design Director, Steve. Meticulously handled and supervised by our very own Wun Wei Kuang, the offices were finished on April 9.

New psg People

As we celebrate our fifth anniversary, we are proud to welcome new additions to our PSG family. We hope that this talented group of individuals will find inspiration and joy in working with their new colleagues in a new environment. Welcome and good luck to all of you!

David Smith	Operations Director	Middle East
Jose Ramon Amoranto Villanueva	Interior Designer	Singapore
Michael Wu	Facility Manager	Hong Kong

First and foremost, I would like to congratulate everyone on five years of continued success! We have achieved a lot as an organization, but there is still much to look forward to, including a slight adjustment to our company name and logo. I look forward to the changes, but I must admit, I'm gonna miss our old logo. But just a little! ☺ All nostalgia aside, these changes are a testament to our expanding client base. We are not only catering to the Asian market but we are now extending our services to the Middle East. And that is certainly a wonderful way to kick off our fifth year! Thank you to everyone who contributed to this issue of the newsletter. I look forward to hearing from more of you for our next installment. Should you decide to take me up on that, please feel free to e-mail me at dante.pascual@psgasia.com.
