Issue 10, "Christmas 2008 Issue"

To Our Dear Staff and your respective families,

On behalf of the Directors of PSG, I would like to wish you all the very best for 2009!

The New Year, as I'm sure most of you have already presume, will introduce some of the toughest challenges we've ever had to face. Yet, challenges and difficulties often provide some great opportunities. Among these prospects, is the chance to undergo significant restructuring, and head along new directions to allow us to further grow and succeed. You will be asked to think more strategically and to provide an even better level of service to our clients which we already know is among our core strengths. Consequently, I have faith that with teamwork and continued collaboration, our efforts will pay off.

I would like to thank you all again for the hard work and sincere dedication you have given and continue to bestow on this company, and I look forward to updating you of our new directions in the very near future!

**Mike Harrison**  
CEO and Managing Director

*Merry Christmas &  
A Happy New Year!!!*

**W**elcome to a New Year, psg!

The Holidays for all of us may have been a humbling experience, but I hope it reminded us of what is truly important. Let's now look forward to 2009 with a stronger sense of hope and less anxiety. We may be amidst a worldwide crisis, but we must keep in mind that "there is always a rainbow after the storm." Every struggle we encounter is an opportunity to better ourselves, and if we forge ahead with a positive mindset and focus on our goals with practical wisdom, we are only bound to come out ahead.

**The holidays certainly did not slow psg down in its progress... The VM Ware Beijing Raycom project is nearing 100% completion, and its turnover is expected to take place in early 2009.**

**It was a Family Affair at psg Manila's first Christmas Party! The event took place on December 23 and was attended by Manila staff, some family members, as well as psg SG Filipino Design Team mates – Francis Ponce, Tonet Pascual, Ferdie Tolentino and Family.**

**Tonet Pascual had her fill of "APPLE" for the holidays as she was assigned to represent psg in a two-day workshop/ APR design transition meeting conducted in Cupertino, California last November 19-20, 2008. APPLE's aim was to impart their design philosophy as well as the direction of their new concept.**

**It's another new year, and I look forward to everything it has to bring. I also look forward to all your contributions this 2009 so please don't be shy and send them in! I hope that this newsletter will be a positive distraction and a good source of encouragement and inspiration to all of you as I continue to showcase and remind you of all your accomplishments throughout the year. As always, feel free to send me work-related or personal news you would like to share. You may send your e-mails to me at [dante.pascual@psgasia.com](mailto:dante.pascual@psgasia.com). Once again, Happy New Year to all, and may you have a great year ahead!**
