

The psg Newsletter

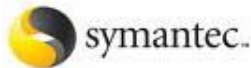

Issue 7, July - August 2008

We celebrate a new set of milestones for psg in the months of July and August! It is a noteworthy feat to accomplish so much within the period of time that we have been in business. Our growth and rate of expansion is also a testament to the unwavering commitment of all those who contribute to the success of the organization. This issue is dedicated to all of you who have worked hard to make psg a worthy competitor in the industry!

Google Hong Kong

We've found another satisfied customer in Google! The Hong Kong business center is one in a succession of sites psg has designed for this multinational organization. Get a taste of Google's colourful atmosphere via these photos!

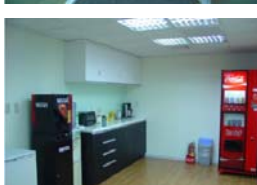

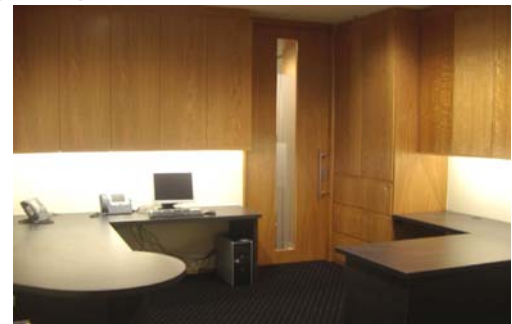

Symantec Taiwan is situated at the third floor of the National Ent. Building in Taipei. The Fit-Out work contract was successfully accomplished on the last week of August. We look forward to working on future developments and expansion projects for Symantec!

just a bit smarter! L30 WESTPAC House, Adelaide, South Australia

Take a tour Down Under and visit the newly outfitted offices of Servcorp! When it comes to design, stylish and elegant are the two words that define the Servcorp image. Those who will be assigned to work at these offices are sure to enjoy their new environment as much as we enjoyed creating the layout for it!
